

10 simple rules for getting grants

- Be Novel - But Not Too Novel
- Include the Appropriate Background and Preliminary Data as Required
- Find the Appropriate Funding Mechanism, Read the Associated Request for Applications Very Carefully, and Respond Specifically to the Request
- Follow the Guidelines for Submission Very Carefully and Comply
- Obey the Three Cs—Concise, Clear, and Complete
- Remember, Reviewers Are People, Too
- Timing and Internal Review Are Important
- Know Your Grant Administrator at the Institution Funding Your Grant
- Become a Grant Reviewer Early in Your Career
- Accept Rejection and Deal with It Appropriately

Bourne PE, Chulupa LM (2006) Ten Simple Rules for Getting Grants. *PLoS Comput Biol* 2(2): e12. doi:10.1371/journal.pcbi.0020012

Development

What to do	How to do it
1. Know your audience	Read the guidelines
2. Know your audience	Read the guidelines
3. Know your audience	Read the guidelines
4. Know your audience	Read the guidelines
5. Know your audience	Read the guidelines
6. Know your audience	Read the guidelines
7. Know your audience	Read the guidelines
8. Know your audience	Read the guidelines
9. Know your audience	Read the guidelines
10. Know your audience	Read the guidelines

Research

Tomas Zabransky

ADDIGE final and dissemination meeting,
Batumi, 16 - 17 February 2017

make your
idea clear

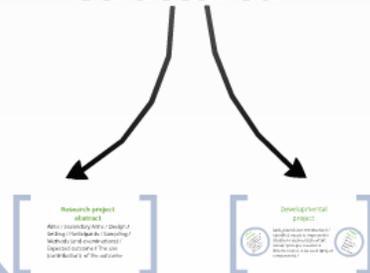

A glowing lightbulb with a yellowish glow inside. The text "which means" is written in green inside the bulb. A faint, scribbled-out version of the same text is visible behind it. The bulb has a blue base with a small circular logo. The background is white with blue curved shapes at the bottom.

which
means

organised and institutionalised

short and structured

the institution and the budget

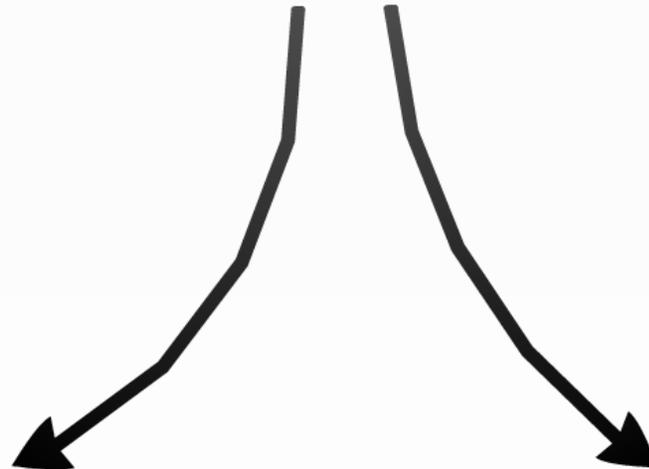

WHY US?

- history of the organisation
- goals of the organisation
- employees - structure and #
- board members
- previous grants (donors and activities) in similar areas

PRELIMINARY BUDGET

- no need to be detailed in this stage
- however, the abstract gives you a good idea on
- number and type of staff
- equipment needed (if any)
- services
- timeframe

short and structured

Research project abstract

Aims / Secondary Aims / Design / Setting / Participants / Sampling / Methods (and examinations) / Expected outcome / The use (contribution) of the outcome

Developmental project

background (current situation) / identified needs to improve the situation / desired state of art (aims) / principal measures (interventions) to be used (project components) /

Research project abstract

Aims / Secondary Aims / Design /
Setting / Participants / Sampling /
Methods (and examinations) /
Expected outcome / The use
(contribution) of the outcome

Developmental project

ABCD objective

- audience / beneficiaries
- change expected and conditions under which change will occur
- criteria to measure degree of success

background (current situation) / identified needs to improve the situation / desired state of art (aims) / principal measures (interventions) to be used (project components) /

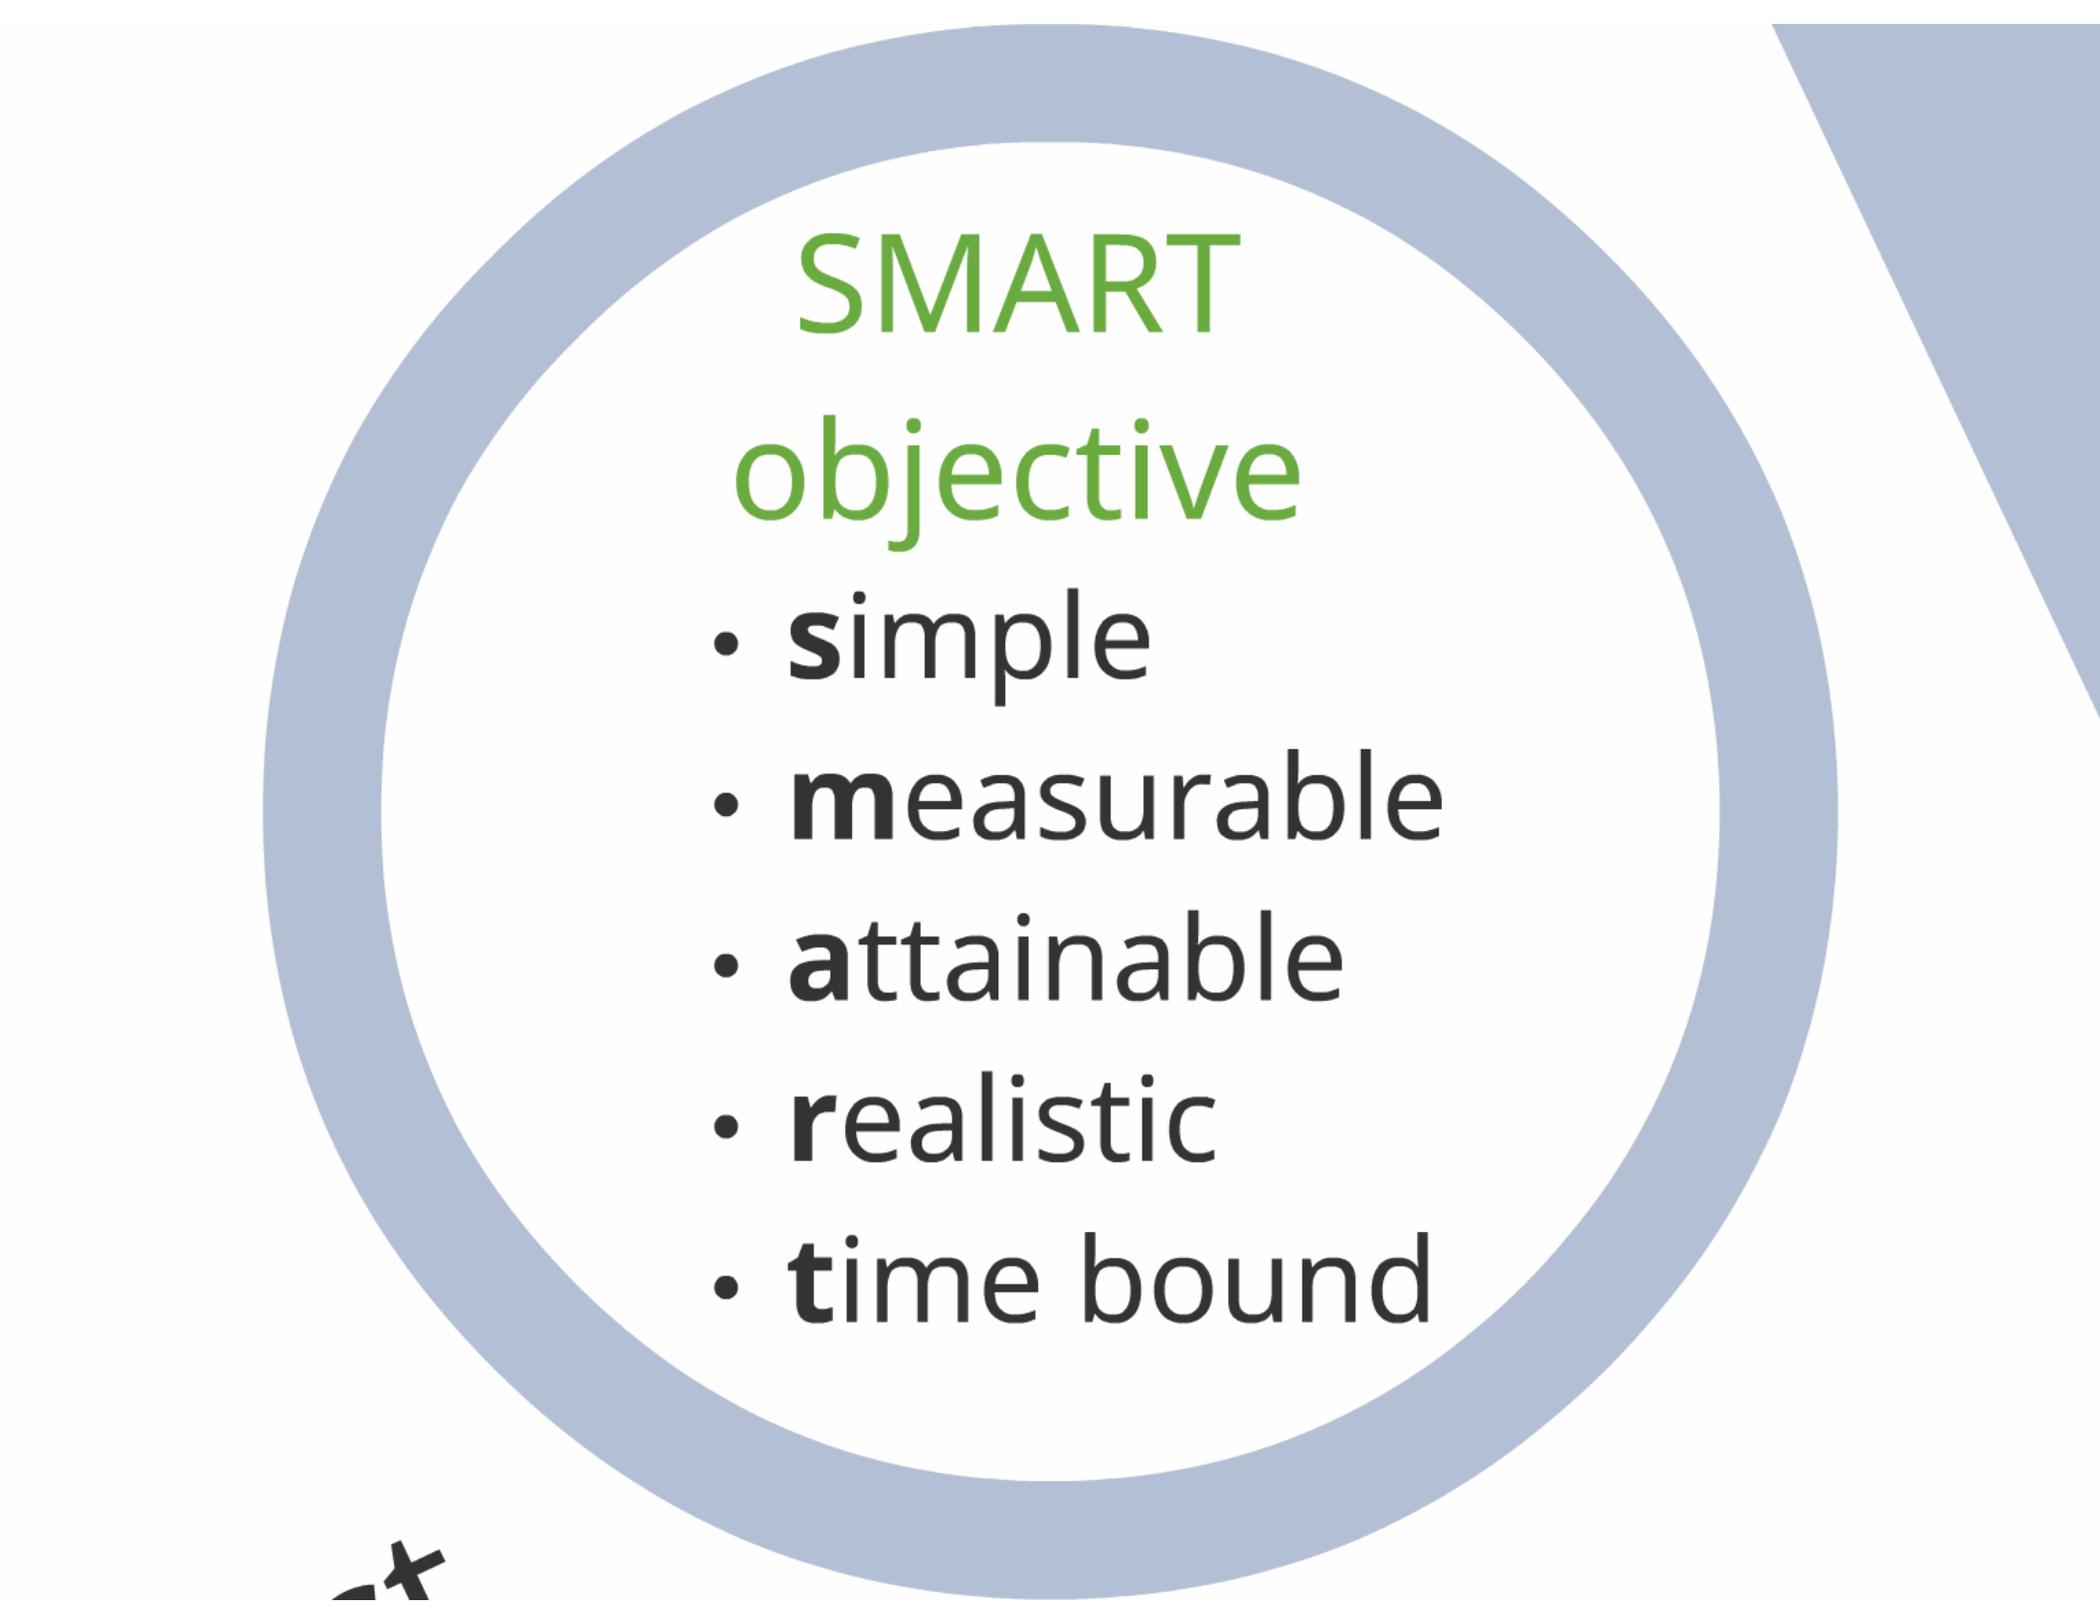

SMART objective

- simple
- measurable
- attainable
- realistic
- time bound

ABCD objective

- **a**udience / **b**eneficiaries
- **c**hange expected and **c**onditions under which change will occur
- criteria to measure **d**egree of succes

ic
situ

SMART

objective

- **s**imple
- **m**easurable
- **a**ttainable
- **r**ealistic
- **t**ime bound

RESEARCH

VS

DEVELOPMENT

albeit, overlaps exist...

Development

United Nations agencies

- looking mostly for consultancies and procurements, not really for proposal-driven projects
- however, esp. in developing countries, official contacts with appropriate manager might work in long term - *and do work*

National developmental agencies

- go and ask the embassy
- most countries from Northern hemisphere have the capacity, and institutions
- ... and websites

AUSAID 
CIDA 
BMZ 
DFID 
EUroAid 
JICA 
SIDA 
USAID 

CZDA 
PolishAid 
ADA 
HUN-IDA 
AECID 
EEA and Norway Grants 
etc.

10 simple rules for getting grants

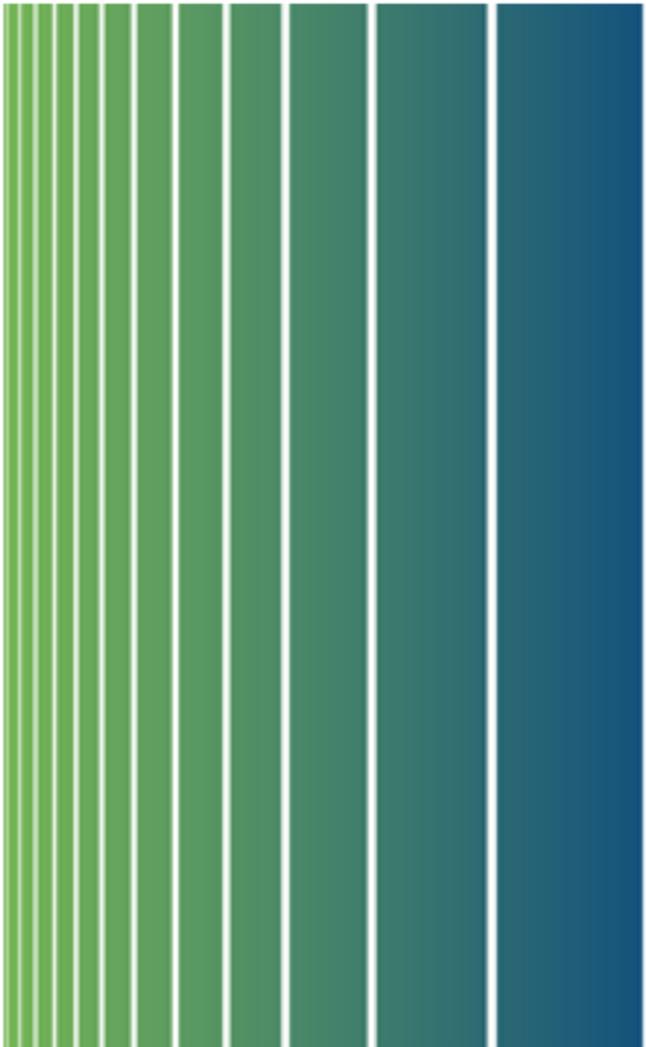

- Be Novel - But Not Too Novel
- Include the Appropriate Background and Preliminary Data as Required
- Find the Appropriate Funding Mechanism, Read the Associated Request for Applications Very Carefully, and Respond Specifically to the Request
- Follow the Guidelines for Submission Very Carefully and Comply
- Obey the Three Cs—Concise, Clear, and Complete
- Remember, Reviewers Are People, Too
- Timing and Internal Review Are Important
- Know Your Grant Administrator at the Institution Funding Your Grant
- Become a Grant Reviewer Early in Your Career
- Accept Rejection and Deal with It Appropriately

Bourne PE, Chalupa LM (2006) Ten Simple Rules for Getting Grants. PLoS Comput Biol 2(2): e12. doi:10.1371/journal.pcbi.0020012
